Sunday News Magazine Editor
Newark Evening News
215 Market Street
Newark 2, New Jersey

Dear Sir:

The Mayor's Commission on Group Relations wishes to officially commend the Newark Sunday News for its front page feature story and dramatic picture of Fireman Stanley Kossup rescuing a baby from a fire. The remarkable sincere and emotional response resulting from this picture is a tribute not only to Stanley Kossup, but to the sensitive photographer who caught this endearing shot.

It is our firm conviction as a Group, daily working in the vineyard of better human relations, that one inspiring picture does as much as one hundred Brotherhood Week programs. We would also like to commend the News for its continuing policy of giving equal space and treatment to deserving persons of minority groups in all the sections of your paper.

Very sincerely yours,

Al Mark, Chairman
Mayor's Commission on Group Relations
